MANAGER'S BUDGET MESSAGE

May 20, 2013

ALAMANCE COUNTY BOARD OF COMMISSIONERS GRAHAM, NORTH CAROLINA

Commissioners.

Pursuant to North Carolina General Statutes, I, as Budget Officer, hereby submit my proposed budget for fiscal year 2013-2014. The budget is balanced and prepared in accordance with North Carolina law which requires that the County's budget ordinance for fiscal year 2013-2014 be adopted by July 1, 2013. The total budget proposal is \$146,311,539.

The primary focus of this budget is to maintain the current level of services to our citizens while still struggling with ever-changing revenues. In recent years, the County has had to utilize fund balance to meet budget shortfalls when revenues did not meet budget expectations. This budget does not rely on the use of fund balance to meet our expenses. Departments were very cooperative with achieving our necessary goal of cutting cost. The budget still demands hard work and tight-spending oversight. Careful attention and study has gone into every cut.

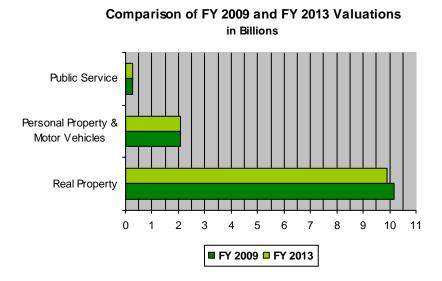

We are still seeing an unstable national economy. However, Alamance County is seeing a period of growth. Within the past fiscal year, Sheetz announced the construction of a manufacturing and distribution center and a couple of our existing businesses have announced expansion projects. These projects will bring added tax bases and new jobs to Alamance County. The county's unemployment rate, 8.8% as of March 2013, is slightly lower than the state average of 8.9%. Our revenue projections remain conservative with slight increases. Since revaluation, our property tax rate has been below revenue neutral. This budget reflects a three and one-half cent tax increase. Sales tax revenues continue to fluctuate as consumers are feeling the effects of the economy.

Recommendations included in this proposed budget include the following:

- Adopt a property tax rate at 0.555 cents per \$100 of value
- Appropriates no fund balance for operations
- Addresses retention for Sworn and Detention Officers
- Capital Purchases
- COLA for all employees
- Fund Balance restoration

General Fund Revenues

By North Carolina General Statutes, a revaluation must be done at least once every eight years. Since the last revaluation, which took place in fiscal year 2009, the County's **tax base has decreased by 0.92%, or \$115 million, to \$12,353,452,768**. All classes of property, real, personal and public service have experienced decreases. The majority of this decrease has been through property value appeals. Now we are seeing a loss through the depreciation of motor vehicles. To offset this decline in tax revenue, it is recommended to the Board of County Commissioners to raise the tax rate from 52 cents per \$100 of valuation to 55.5 cents per \$100 of valuation. This will generate \$4.2 million in revenue.

Sales tax revenues are slowly increasing. This budget is representing a slight increase of sales tax as the tax is based on consumer spending. Consumers are starting to make more purchases than in recent years, thus sales tax is projected to increase by 3.4%.

In past years, Alamance County has used fund balance to achieve a balanced budget. During the current year, this practice was used with a focus on limiting the amount appropriated for operational uses. This continues to be a problem though, as the budget does not include much appropriation for "one time" uses. However, our fund balance has reached a point where it can no longer be utilized to balance the budget. **This budget does not use any appropriated fund balance.**

General Fund Expenditures

The major changes in expenditures in the budget can generally be tied to any of the following issues:

- Capital Outlay items have been eliminated from the budget, with the exception of \$265,000 for Ambulances and EMS equipment and \$13,700 for equipment for the Recreation Department and \$50,000 for roof replacement at Eli Whitney Recreation Center.
- Pay Raises five percent across the board raises for all employees.
- Retention four percent salary adjustment for sworn officers and detention officers.
- Fund Balance In efforts to raise our fund balance, the budget dedicated funds of \$1,596,963 for fund balance.
- Transfer to Other Funds an allocation of \$200,000 for the Revaluation Fund and \$300,000 for the County Buildings Capital Reserve Fund.

School Funding

In addition to the initiatives and projects covered above, the County received a **request** from the Alamance-Burlington School System (ABSS) **for \$34,520,907** for operations and **\$750,000** for repair and maintenance compared to the FY 2012-2013 budget of \$31,155,000 for operations. Compared to the total budget, the recommended budget totals **\$32,655,000**, which allocates **\$32,405,000** for operations and **\$250,000** for repairs and maintenance.

Destination 2020

One of the primary policy documents that helps guide County staff in decision-making is the Destination 2020 plan. This plan was developed by volunteer citizens from Alamance County and serves as a roadmap to a stable, thriving community of the future.

In order to arrive at the destination point, certain "implementation actions" were included in the plan. These may be thought of as specific legs of a journey to reach the ending point laid out in the Destination 2020 plan. The proposed budget includes funding and other initiatives that are consistent with several of the Destination 2020 implementation actions, including:

Items related to the economic development initiatives:

- Consider contributing financial support for the extension of water and sewer lines to economic development projects (Water and Sewer Services, 7c).
- Consider continuing efforts to recruit new industry to Alamance County that diversifies the economic base of the area (Economic Development, 14c).

Items related to a land use planning study and the Planning Department:

- Consider zoning those parts of Alamance County that are experiencing the greatest development pressures (Preferred Development Pattern, 1d).
- Consider amending the County subdivision regulations to curtail the proliferation of residential lots stripped along public highways (Housing and Neighborhood Development, 3c).
- Consider amending the County subdivision regulations to curtail the use of flag lots along major highways, except under truly extenuating circumstances (Housing and Neighborhood Development, 3d).
- Consider amending the County subdivision regulations to reduce the use of private roads in residential developments (Housing and Neighborhood Development, 3e).
- Consider using zoning to prevent residential development from encroaching upon the airport and to protect
 prospective industrial development sites (Housing and Neighborhood Development, 3I).
- Consider using zoning to prevent incompatible large-scale commercial development from encroaching upon residential areas (Commercial and Office Development, 4b).
- Consider using objective performance standards to rule out the placement of certain types of hazardous waste facilities in Alamance County (Industrial Development, 5b).
- Consider using zoning to locate and preserve appropriate land areas and for future industrial and business prospects (Industrial Development, 5c).
- Consider using zoning to site future landfills so as to separate them from incompatible land uses (Solid Waste Management, 9f).
- Consider amending the County's subdivision regulations, as allowed by State law, to require land dedication for open space and parks (Parks and Recreation, 10e).

Items related to senior citizens:

 Consider increasing services to the elderly in their home that promote independence such as Meals on Wheels, grocery delivery programs, medication assistance programs, and CAP services (Services to Senior Citizens, 17c)

Fire Districts

Three fire districts, E. M. Holt, North Eastern Alamance, and Snow Camp, are requesting tax increases. All districts are requesting a \$0.01 increase per \$100 of valuation. All other departments are not requesting an increase for FY 2013-2014.

Special Revenue and Capital Reserve Funds

The County maintains several special revenue and capital reserve funds for a variety of purposes. These include: County Buildings Capital Reserve, Schools Capital Reserve, and ACC Capital Reserve Funds.

In addition to the capital reserve funds discussed above, the County maintains two special revenue funds. These are funds where the revenue sources are restricted as to their use and the Local Government Commission requires they be maintained in funds separate from the General Fund. The County's twelve fire districts are each maintained in their own fund.

The final fund in this section is the Emergency Telephone System Fund. Effective January 1, 2008, the State changed the guidelines for surcharges to provide E911 services. The State now imposes a surcharge of 60 cents per month per line for landline and wireless phone service. The County no longer has a separate imposition of emergency telephone surcharges and will receive a portion of these proceeds. Funds are used by the County to pay for costs associated with receiving E911 calls (the State carefully monitors this for compliance). The FCC is requiring all communication centers that receive E911 calls to be able to geographically locate the source of cell phone calls made to 911.

Landfill Fund

Financially, the Landfill Fund continues to operate as budgeted, setting aside sufficient funds for closure and postclosure reserves as required by law. Revenue is generated by user fees.

Employee Compensation and Positions

The proposed budget includes a **5% cost of living raise** for all county employees. County employees have not received a cost of living adjustment since July 2008. In efforts to retain our Sworn Officers and Detention Officers, it is proposed an additional 4% pay adjustment be implemented July 1, 2013.

The budget includes one new position and four reclassifications. A summary as follows:

New Position Fire Marshal Office Safety Officer

Reclassifications Tax Department Appraiser/Systems Admin to Residential Appraiser Deputy Tax Collector to Farm Appraiser

SARA Management Office Assistant III-50% to Tier II/EM Planner-FT

Dental Clinic Dental Assistant Supervisor to Administrative Assistant III

Due to job reorganization and contracting medical services for the jail the following positions will be eliminated from the FY 2013-2014 budget.

Health Licensed Clinical Social Worker

Public Health Nurse I – 50% (2 positions)

HSP/Evaluator II

Inspections Chief Inspector (2 positions)

Jail Detention Officer I

RN Detention Supervisor Detention Nurse (6.5 positions)

Sheriff Deputy I (2 positions)

Deputy III Corporal Sergeant

Fee Increases

It is recommended that the following fee changes be implemented as part of the FY2013-2014 budget:

| Department | Fee | Current | Proposed |
|------------|---|--|--|
| Planning | Heavy Industrial Development Permit On-site Stream Determinations | \$350.00 \$0.00 | \$500.00 \$25.00 |
| Recreation | Youth Basketball | \$20.00 first player, \$10.00 each sibling | County Resident Only \$25.00 for one child, \$15.00 for each additional sibling |

It is recommended that all other fees remain the same.

Internal Service Funds

The County maintains three internal service funds – the Employee Insurance Fund, the Worker's Compensation Fund, and the Property Insurance Fund. All of these funds were created so the County could self-fund their health insurance benefits extended to employees, worker's compensation liability and property insurance liability, respectively.

In the past few fiscal years, the Insurance Fund has seen an increase of funding and is no longer a deficit fund. However, in recent years the employer paid premium was reduced to off-set costs to the County's General Fund. In doing so, fund balance has been used and the rate must now be increased to prevent this fund from becoming a deficit fund. The county cost for health insurance has been increased from \$350.00 per month to \$400.00 per month, while the dental insurance rate will remain the same. No change was made for dependent coverage for both medical and dental insurance. Employee paid premiums will remain the same. The proposed budget relies on an appropriation of retained earnings to balance the budget.

In Conclusion

Tax increases are never popular. However, if you look at the issues that the County has dealt with the past four years, they are sometimes necessary to ensure that we maintain an adequate fund balance, a good workforce, funding for basic public safety needs, facilities, schools, and being proactive with some of our building maintenance. We have continually cut expenses, but we are now at a point where we must be proactive as we move forward.

We believe that this is a good budget, as it begins funding many different County functions that must be addressed. No one is getting "all that they wanted" – but we have taken the approach that we must start addressing many different areas that have not been funded in recent years. As the old proverb states, "how do you eat an elephant?" – the answer being "one bite at a time." We believe that this budget is a budget that takes multiple small bites out of that elephant as we move forward.

I want to thank the work of our Department Heads in helping formulating this budget, especially our Finance Department (Finance Director Amy Weaver, Susan Roberts and Brenda Murphy) for all the work that has been done to come to this recommended budget.

Again, this is the Manager's Recommended Budget – and if it does not reflect the wishes of the Board of County Commissioners we are willing to work to make sure that the wishes of the Board are followed.

We continually strive to make sure that we provide the highest level of services to our citizens, and I appreciate the opportunity to serve you, the community and the best County Staff anywhere as your County Manager. We present this budget for your consideration.

Sincerely,

Craig F. Honeycutt County Manager
