II. ADULT CARE HOMES. These are not nursing homes and do not provide professional nursing or medical care. These are for people who need only occasional or incidental medical services such as they might receive in their own home. There are no requirements for physician visits.

These homes provide room, board, personal assistance, supervision of medications and social activities. Private rates vary from home to home and are not regulated by the state. The rate for persons who receive State/County Special Assistance is regulated by the State.

Only those homes in compliance with the Civil Rights Act of 1964 are listed. The administrators of these homes have signed a statement that they will comply with the Civil Rights Act of 1964. This means they will not refuse admission, discharge a resident, or in any other way discriminate against a resident on the basis of race, color, or national origin.

Due to State building code requirements, some homes may not admit persons who cannot get out of the home without help in a reasonable amount of time in an emergency such as a fire. Refer to the following list for particulars. Most facilities are licensed for Ambulatory Only unless otherwise specified.

Any complaint regarding these homes should be made to the Adult Care Unit, Alamance County Department of Social Services, (336) 229-3141.

**C. GROUP HOMES FOR DEVELOPMENTALLY DISABLED ADULTS (Inclusion of DDA Group Homes under G.S. 122C Licensure)**

House Bill 387, ratified by the 2001 General Assembly, became effective June 15, 2001. As a result of this legislation, group homes for developmentally disabled adults formerly licensed under G.S. 131D-2 are now licensed and regulated as supervised living facilities for developmentally disabled adults under G.S. 122C-3. All licensing and other regulatory activity for these homes, including monitoring, compliant investigations and negative actions, takes place through the Mental Health Licensure and Certification Section of the Division of Health Service Regulation. The DDA homes that were licensed under G.S. 131D-2 converted to licensure under G.S. 122C. This means that the Adult Care Licensure Section of the Division of Health Service Regulation and adult home specialists in the county departments of social services no longer have responsibility for any licensure or regulatory activity involving these homes. County involvement through adult protective services will continue as usual.

Any applicants for a DDA group home license should be referred to the Mental Health Licensure and Certification Section of the Division of Health Service Regulation at 919-855-3795. Complaints against any of the DDA homes which were subject to 131D licensure should be referred to that section at 1-800-624-3004.

- III. ADULT DAY CARE FACILITIES. These facilities provide an organized program of services and activities with staff supervision during the day (usually Monday through Friday, 7:00 a.m. to 5:30 p.m.) in a community group setting for the purpose of supporting adults' personal independence and promoting their social, physical and emotional well-being. When there is a need for transportation, the provider will assist in coordinating with Alamance County Transportation Authority (ACTA) for an additional charge to the participant. Only facilities certified by the N. C. Division of Aging and Adult Services and in compliance with the Civil Rights Act of 1964 are listed here. The daily rate for services is \$27.00. Monthly fees are based on the number of days per week in which a participant is enrolled.

- IV. The Program of All Inclusive Care for the Elderly (PACE) is a national model for a capitated managed care program for the frail elderly. The PACE model is regulated by the Centers for Medicare and Medicaid. PACE combines Medicaid and Medicare funding to serve persons who meet the nursing facility level of care. This center is currently one of two operating in North Carolina. The overall goal is to manage all the health and medical needs of this frail population to keep them out of the hospital or a nursing facility for as long as possible
