

ALAMANCE COUNTY ENVIRONMENTAL HEALTH APPLICATION FOR SERVICES

SAMPLE SITE PLAN

If applying for an Improvement Permit, Construction Authorization, Septic System Repair, Existing Septic System Inspection, or a Well Permit, you will be asked to provide a "Site Plan." See the sample below.

- 1) To obtain an Improvement Permit that is valid for 5 years:
 A site plan (does not have to be a scale) or a survey plat of the property that shows:
 - The dimensions of the property.
 - The proposed location of the structure(s) and its dimensions. Include setbacks from the road and the side property line. If the structure size is unknown, please show the MAXIMUM dimensions you anticipate the structure will cover.
 - The preferred driveway location.
 - Other or future improvements to the property such as a garage, workshop, pool, etc.
 - The location of existing septic systems and wells on property and neighboring properties within 100' of property line.
 - The location of any easement or rights of way on the property.
 - The location of any designated wetlands on the property.

- 2) To obtain a non-expiring Improvement Permit you must show either:
 - A) A survey plat of your lot prepared by a Registered Land Surveyor where a scale of one inch equals no more than sixty feet and shows:
 - The dimensions of the property.
 - The specific location of structure(s) to be put on the property.
 - The site for the proposed wastewater system.
 - The location of water supplies and surface waters.
 - OR
 - B) If your lot has already been recorded at the Register of Deeds Office; a copy of the recorded plat along with a site plan that is drawn to scale, containing all the information requested in number 1 above.

Helpful Hint: Visit the Register of Deeds Office (570-6565) to see if a survey map of your property already exists.

DOCUMENTATION TO AUTHORIZE AN OWNER'S LEGAL REPRESENTATIVE

Applications for permits require the "signature of the owner or owner's legal representative" (15A NCAC 18A .1937). If the owner does not sign the application himself or herself, they can submit any one of the following documents to designate their legal representative:

1. Power of Attorney
2. Real Estate Contract
3. Estate executor
4. Bankruptcy trustee
5. Court ordered guardianship

In the absence of the above documentation, the property owner may provide the Alamance County Health Department with documentation that designates a legal representative. A property owner may:

1. Complete this form to document his or her legal representative, or
2. Provide his or her own form that contains the information in this form.

If there are multiple property owners, then all property owners must sign the form that designates a legal representative.

By signing a form that designates a legal representative for purposes of 15A NCAC 18A .1937, the property owner authorizes that representative to act on their behalf in matters pertaining to the application and permitting process, including signing or receiving any application, document or permit. The owner retains full responsibility to meet all permit conditions specified by the Alamance County Health Department.

I _____, am the legal owner(s) of the property located at _____, identified as PIN (Parcel Identification Number) _____, located in Alamance County, North Carolina.

I do hereby authorize (print legal representative/company name) _____, to act as an agent on my behalf in applying for/signing/obtaining any of the documents described below:

- Application/permit for Improvement Permit (IP) / Construction Authorization (CA)
- Application/permit for Well Permit/Well Abandonment Permit/Well Repair Permit
- Application for Permit Revisit/Revision
- Application for Existing System Check
- Application for Water Samples
- Application for Well Camera/Thermoplastic Camera Inspection

I agree to abide by all decisions and/or conditions between the legal representative acting on my behalf and the Alamance County Health Department, Environmental Health Section.

ALAMANCE COUNTY ENVIRONMENTAL HEALTH APPLICATION FOR SERVICES

WELL CAMERA

SERVICE	FEE
<input type="checkbox"/> New Well with Thermoplastic Casing	\$120
<input type="checkbox"/> Well Repair Permit (with the use of the well camera)	\$250

For New Wells with Thermoplastic Casing Inspections Only:

According to "Regulations Governing Construction, Repair, and Abandonment of Wells in Alamance County, North Carolina" Section V. C. 5.a. states the following:

The well contractor shall request a downhole camera inspection by the Health Department after the pump is installed in all new wells where thermoplastic casing is used. This request shall be made on a form provided by the Health Department and shall be accompanied by the established fee for downhole camera inspections of thermoplastic casings. A well contractor shall be on site during the downhole camera inspection with the Alamance County Health Department and shall provide means to operate the pump for inspection of the casing and provide means for removal of the pump and piping if needed.

I hereby request that thermoplastic casing be used in the construction of my water well. I understand that a downhole camera inspection will be conducted prior to release of power and an additional fee of **\$120.00** will be charged for the video inspection. I also understand that there may be a delay in the downhole camera inspection up to one month after a request is made due to the availability of the downhole camera, or if the downhole camera is currently unavailable the well contractor must provide a downhole camera for the inspection.

Property Owner (Print name): _____ Date: _____

Property Owner's Signature: _____

I hereby request a down-hole camera inspection of a well located on the property listed on this application. I can be reached at the following phone number to schedule an inspection: _____

Well Contractor (Print name): _____ Date: _____

Well Contractor's Signature: _____

For Well Repair Permits with the Use of the Well Camera Only:

****Applicant/owner must understand that if a jet pump is being used in the well, the jet pump must be removed and a submersible pump must be installed prior to the camera inspection.***

Type of pump in well: submersible jet unknown/other: _____

If water quality problems are present, please describe _____

Well contractor to be present _____

I understand that: (1) I am responsible for obtaining a certified well contractor to break the wellhead seal and (2) The well contractor will be required to remain on site during the use of the camera to assist with draw down of the water, to remove the pump and/or pipe guards, if necessary, and to disinfect the well upon completion of the inspection and (3) It is the responsibility of the well contractor to determine what remedies are needed for any identified well problem(s) and (4) The Alamance County Health Department is not responsible for damage to the well or pump that may occur during the inspection.
