ALL PROGRAMMING, MOBILE CAFÉ AND MEETING ROOM SERVICES ARE SUSPENDED

As of Monday, March 16th the Alamance County Public Libraries will be suspending all library programs and public meeting rooms use. For the safety of the public, under social distancing guidelines we are limiting the services that draw groups of people together in our spaces. For these same reasons, the Mobile Café will also be suspending their routes.

All library locations will be open their normal operating hours, but keep in mind that this may change as the situation changes. That being said, now may be the time to stock up on library materials and always remember that our electronic and online resources are available.
