

**ALAMANCE COUNTY TAX DEPARTMENT
DEALER PRICE OPINION FORM**

Revised 7/30/2014

The Alamance County Tax Department accepts the written opinion of a dealer in personal property (vehicles, boats, airplanes, mobile homes, trailers, RVs, etc.) as an alternative method of tax valuation. It is important that any such opinion conform to the following requirements:

Competence - The dealer may only value property within their field of expertise.

Physical Inspection - The dealer must actually see the property being valued. No allowance may be made for needed repairs unless the dealer has actually confirmed that such repairs are needed. No allowance may be made for vehicle history unless a vehicle history report has actually been produced.

Retail Value - The value reported is full retail value for a dealer in such property. Wholesale, Private Sale and Trade-In values are not acceptable.

Be advised. This is a legal document for use by a government to determine monetary amounts. Any intentional misrepresentation made on this form is an act of fraud and will be prosecuted to the fullest extent of the law.
